

Andean Annouces The Acquisition of Barbados Based Richards Metals

Vancouver, B.C., November 27, 2002 - Andean American's objective is to create shareholder value through low cost mine development. At Santa Rosa, through higher process rates and continued process refinements the aim is to have production costs in the lowest quartile for the industry. The mine is now in commercial production and this is seen as a realistic goal as Peru is host to two of the world's lowest cost producers of gold, Yanacocha and Pierina - both of which are high altitude heap leach operations.
